

**DEPARTMENT OF THE NAVY
NAVY RECRUITING STATION ANTIOCH
2411 EMPIRE AVE, SUITE 107
BRENTWOOD, CA 94513**

I am Petty Officer Salvador Martinez, your local United States Navy representative. I have been in the Navy 11 wonderful and memorable years. I have travelled the world, acquired various job trades as well as obtained my college education all while serving in the United States Navy. I understand that not everyone will be able to afford college and/or be able to afford to learn some form of technical skills. With that in mind and the current status of our economy I would like to provide you information about the U.S. Navy so you know that you have other means of obtaining your goals as well as help you make an informative decision on your future.

The Navy offers many benefits in the academic areas, including full tuition and other financial benefits worth up to \$180,000 for those top students who qualify in the NROTC program. We also have programs such as Post G.I. Bill, Tuition Assistance, Navy College at Sea, CLEP & DANTEs exams, NCPACE to help individuals get their College Degree while serving in the Navy. For technical trades the Navy offers "A" school, NAVY COOL (Credentialing Opportunities On-Line) and United Services Military Apprenticeship Program (USMAP) for certifications and journeyman programs which were developed by the United States Departments of Defense with coordination from the United States Departments of Labor. Other programs available are the Challenge Program for those interested in Special Warfare Operation, Aircrew Rescue Swimmer (AIRR), Explosive Ordnance Disposal (EOD), Navy Diver, and Underwater Construction Team Construction Diver. Our Nuclear Power Program will afford you advance training and the opportunities to work with the most advanced technological equipments.

In the Navy we emphasize on the "whole person concept" to ensure that each individual achieves a higher education, excel for promotional opportunities with their trade and become marketable in the civilian work force after completing service in the Navy. The other perks of being part of the United States Navy are TRAVEL and ADVENTURE.
