## Mission Statement

The mission of Heights Elementary School is to provide a nurturing, safe, and engaging environment for a community of diverse learners so they can achieve academic success.

## Principal's Message

Our staff of dedicated, knowledgeable teachers is committed to continuing to improve student achievement. We are cognizant of setting our goals with high expectations and rigorous instruction to meet the needs of our students. Heights Elementary has proudly shown excellent progress over the past several years on the State of California's Academic Performance Index (API), which measures a school's academic performance and growth: Our API has grown from 726 in 2006 to 770 in 2010. Heights scored an 8 out of 10 for the state's Similar Schools Ranking and has the 2<sup>nd</sup> highest API in Pittsburg Unified School District.

At Heights Elementary, we work to foster a partnership between families and our staff. Parent support and involvement helps to create students who are interested and enthusiastic about learning. Our goal is to guide our students, while validating their cultures, as they develop into future citizens who will enter our community and enrich it by their presence.

## Parental Involvement

The School Site Council (SSC) and English Learner Advisory Council (ELAC) meet monthly to review progress and monitor the school level plan. All meetings are open to the public. The school holds monthly family night activities, which include both educational and social events. Parent support is evident at Jump Start, Back-to-School Night, Halloween Parade, Reindeer Run, Monthly Parent Coffees, Hoops for Heart, Jump Rope for Heart, Open House, and Junior Olympics. Classroom volunteers chaperone field trips and assist in daily school activities.

For more information on how to become involved, contact Rose Henderson at (925) 473-2410.

It is the mission of Pittsburg Unified School District to inspire our students, to ensure they achieve equity in academic excellence and to bring students closer together through shared experiences in learning. We believe the cultural diversity of our community and our youth are our greatest assets. We endeavor to bring our students to their fullest potential and to create lifelong learners who will contribute positively to the world.

## Enrollment and Demographics

The total enrollment at the school was 565 students for the 2009-10 school year.

## Suspensions and Expulsions

This table shows the rate of suspensions and expulsions (the total number of incidents divided by the school's total enrollment) for the most recent three-year period.

## Textbooks and Instructional Materials

California State-adopted textbooks are recommended by district committees adopted by the Board and then purchased. Each site, through funds supplied by the District, has been able to provide every student with a copy of every core textbook to use in class and take home for homework.

The District has purchased textbooks and instructional materials for grades kindergarten to twelve; and said textbooks and instructional materials are used by students at each grade level in each school. This being said, the Pittsburg Unified School District Governing Board declared at their fall school board meeting that the District has provided sufficient textbooks or instructional materials consistent with the State Board-adopted curriculum framework cycle.

### Textbooks and Instructional Materials List

Subject	Textbook	Adopted
English-Language Arts	Macmillan/McGraw-Hill (K-5) Treasures	2010
Mathematics	Macmillan/McGraw-Hill (K-5)	2008

## School Facility Items Inspected

The tables show the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Mechanical Systems (heating, ventilation, and air conditioning), Sewer
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

## School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition.

School Facility Good Repair Status			
Items Inspected	Repair Status	Items Inspected	Repair Status
Systems	Fair	Restrooms/Fountains	Good
Interior	Good	Safety	Good
Cleanliness	Good	Structural	Fair
Electrical	Good	External	Good
Overall Summary of Facility Conditions			Good
Date of the Most Recent School Site Inspection			08/17/2010
Date of the Most Recent Completion of the Inspection Form			08/17/2010

## Deficiencies and Repairs

The table lists the repairs required for all deficiencies found during the school site inspection. Regardless of each item's repair status, all deficiencies are listed.

Deficiencies and Repairs	
Items Inspected	Deficiencies, Action Taken or Planned, and Date of Action
Systems	HVAC system has been dysfunctional. An outside vendor secured the problems in November 2010.
Structural	Leaks in roof. An outside vendor secured the problems in November 2010..

## School Safety

The School Safety Plan is reviewed and updated annually, and addresses response to earthquakes, fire, intruders, bomb scares, and other natural disasters. Fire drills are conducted each month, and drills for earthquakes and intruders are conducted annually. The plan also includes two action components. The dress code includes a mandatory uniform policy. CPR and AED training was provided for staff in the fall of 2007. All visitors must sign in, and receive a visitor's pass upon entering the school. Staff members have photo identification badges. There are 11 security cameras on campus. Parents and staff can access the Safety Plan in the school office.

The School Safety Plan was most recently reviewed, updated, and discussed with school faculty in March 2010.

## School Facilities

Heights has 26 classrooms, a learning center, computer lab, science lab, library, and multi-use room. The main building was completed in 1954. The entire campus was renovated in 1998, including the installation of air conditioning, handicap access, internet access, and telephone lines in each classroom. Additional lighting in the front of the school has been installed to provide a safe environment. There are two full-time custodians and one part-time custodian.

The four playgrounds are fenced for safety. We also have 11 security cameras on campus.

Every site is inspected on a monthly basis according to the guidelines generated by the Williams Settlement decision. At this time, we have no safety related discrepancies that have not been corrected. The site administrator and the custodial staff address school cleanliness daily. Restrooms are cleaned on a routine basis and discrepancies are noted, work orders created, and corrections made on a timely basis. School grounds and facilities are adequate for the student enrollments assigned to the site. Deferred maintenance items are scheduled and completed in a timely manner.

During July 2008, a new phone system was installed with voicemail capabilities.

In September 2009 additional whiteboards were added to all classrooms to support our Board Math and Board Language teaching strategies. This purchase was paid for from Title I.

In November 2010, Measure L was passed which will provide renovation funds to modernize or rebuild Heights Elementary.

The District participates in the State School Deferred Maintenance Program, which provides state-matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2010-11 school year, the District budgeted \$700,000 for the Deferred Maintenance Program. This represents 0.970% of the District's general fund budget.

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key tests, including the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA). The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test.

The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For a complete report on all tests, participation, groups, and their scores by grade level, please visit <http://star.cde.ca.gov/>. To learn more about the STAR Program, please visit the guide at [www.cde.ca.gov/ta/tg/sr/documents/starpkt5inrpts.pdf](http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5inrpts.pdf).

## STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are reported as performance levels in order to compare student achievement to state standards. The five performance levels are: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables below show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, and science.

Percentage of Students Scoring At Proficient or Advanced Levels

	Heights ES			Pittsburg USD			California

❖ Scores are not shown when the number of students tested is 10 or less, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. The API is a score on a scale of 200 to 1,000 that reflects a school's, district's or a student group's performance level, based on the results of statewide testing. An API score of 800 is set as the statewide target.

Each annual API reporting cycle includes a Base and a Growth API. The Base API starts the reporting cycle and is released approximately a year after testing (i.e., The 2009 Base is calculated from results of statewide testing in spring 2009 but is released in May 2010). The Growth API is released after the Base API but is calculated from test results from the following year (i.e., The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2009-10 API reporting cycle, the 2009 Base indicator and 2010 Growth indicator are used. To learn more about API, please visit the API information guide at [www.cde.ca.gov/ta/ac/ap/documents/infoguide09.pdf](http://www.cde.ca.gov/ta/ac/ap/documents/infoguide09.pdf) and the API overview guide at [www.cde.ca.gov/ta/ac/ay/documents/overview10.pdf](http://www.cde.ca.gov/ta/ac/ay/documents/overview10.pdf).

## API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

## API Growth by Student Group

This table displays, by student group, the actual API change in points added or lost for the past three years.

### API Growth by Student Group: 2010 Growth API Comparison

This table displays, by student group, the 2010 Growth API at the school, district, and state level.

### California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The State Board of Education designated the *Fitnessgram*® as the PFT for students in California public schools. The test measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

The primary goal of the *Fitnessgram*® is to assist students in establishing lifetime habits of regular physical activity. The table shows the percentage of students meeting the fitness standards for the most recent testing period. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

■ Data are reported only for numerically significant groups.

**API Testing Note:** Assessment data are reported only for numerically significant groups. To be considered 'numerically significant' for the API, the group must have either: (1) at least 50 students with valid test scores who make up at least 15% of the total valid scores, or (2) at least 100 students with valid test scores.

### Federal Intervention Program

Schools and districts that receive Title I funding can enter Program Improvement (PI) if they fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). With each additional year they don't meet AYP, they advance to the next level of intervention. This table displays the 2010-11 Program Improvement status for the school and district. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

## Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

## Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To meet these standards, California public schools and districts must meet or exceed criteria in four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district made AYP overall and met each of the AYP criteria for 2009-10. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

## Academic Counselors and School Support Staff

This table displays information about academic counselors and support staff at the school and their full-time equivalent (FTE).

## Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. More information can be found by visiting <http://data1.cde.ca.gov/dataquest/>.

## Professional Development

The Local Education Agency Plan (LEAP) and the sites' Single Plan for Student Achievement (SPSA) are the genesis of selected focus for professional development. The data from student achievement drives the selection of adult learning opportunities. Based on student achievement data, including underperforming subgroups, the District is focusing professional development on mathematics and writing.

Every teacher participates in professional development days. Beyond the professional development days, educators collaborate with each other in facilitated grade level/department meetings. Site administrators provide support and feedback to staff members related to targeted improvements.

Summer institutes are numerous and comprehensive. In-depth trainings are available in implementing core curricula, intervention programs, English Language Development, Structured Engagement, Thinking Maps, and mathematics as a few examples.

Teachers fulfill the NCLB requirements for being highly qualified with District support. Compensation is provided to teachers who attend professional development outside the work day. Substitutes are provided when necessary.

Professional development topics are jointly determined by administrator and teacher input based on student performance data.

For the previous three school years, we had three days each year dedicated to staff and professional development.

## No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2009-10 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tg](http://www.cde.ca.gov/nclb/sr/tg).

## Types of Services Funded

The following services are provided at the District and/or site level:

- Collaboration and Intervention Team
- Professional Development including: SB 472 ELA & Math trainings, Frontloading, Crosscultural Language and Academic Development examination, Systematic ELD, math teachers network, etc.
- Parent Coordinators
- Parent trainings
- Extended day and summer intervention programs
- College readiness programs
- Counseling
- Class size reduction
- Early Back Summer Programs
